

# Convenient and cost saving care options for your members

On-demand and scheduled access to doctors by web, phone, or mobile app with seamless integration on the Healthx Platform

## Healthx Telemedicine by Teladoc

When industry-leading innovation meets a network of trusted healthcare professionals, you get much more than telehealth. You get Hx Telemedicine by Teladoc. Providing more efficient access to care, your members can access a network of 3,000+ high-quality, board-certified physicians anytime, anywhere to address a wide range of common conditions. Plus, Teladoc is pre-integrated into the Hx Platform, meaning no complicated bolt on technologies or separate customer support teams saving you time, money, and the headache of yet another vendor.

### Affordable

Teladoc fees are often less expensive than copays for an ER or urgent care visit.

### Pre-integrated

Teladoc services are delivered via your branded member portals and mobile services

### Convenient

Convenient 24/7 access to treatment from anywhere via phone, member, and mobile portals and/or your mobile app.

### Reduced Exposure

No waiting in an office with other sick patients.

### Quality care

Healthcare professionals are board-certified and state-licensed

### Behavioral Healthcare Option

Additional feature allows members struggling with access and compliance issues to address their behavioral care needs.
