

Help members make better healthcare decisions.

When you educate members on their healthcare options they make more cost-effective choices

Healthx

Hx Cost Transparency Solution

Knowledge is power. The Healthx Cost Transparency Solution lets your members pick the most cost effective option for themselves. When they can compare services based on price, provider, and location, they are more likely to choose an option that is beneficial for the entire healthcare ecosystem

Improve Member Satisfaction

Integrate directly with the Healthx Provider Directory and Gaps in Care solution to meet members and guide them on their journey.

Increase Quality of Care

Offering cost transparency, customer reviews, and quality ratings will influence the decision-making process and change behavior so that services are rendered by high-quality and low-cost providers and facilities.

Provide a Unified Experience

Access is seamless and fits the consumer experience your members expect with a single sign on.
